Dear Richard:

I'm writing this to thank you and Adjusters International again for the work you did for us and for the very significant donation. We here at Grace Baptist know how much time and energy went into the settlement of our claim. In the scope of things, we know that our claim was small potatoes but you labored on our behalf as if it was a multimillion dollar claim. That means much to us and if I should ever overhear anyone talking about a problem they are having settling an insurance claim, I'll tell them to call you!

Thank you again for all you have done for us.

God's Blessings

Tim Bejian
