Dear Ron:

I would be very remiss if I did not express my sincere appreciation to you on behalf of the school district for settling the insurance claim with respect to our devastating fire of November 2, 1980. Your handling of the claim from start to finish was indeed detailed, professional and very much appreciated. My staff and I always felt comfortable in dealing with you and your associates during the past months.

Be assured that I will always recommend your firm to my professional colleagues should they experience a similar circumstance.

Again, thank you for your assistance.

Sincerely,

John Semeniak  
Supt. Schools
