Dear Sirs;

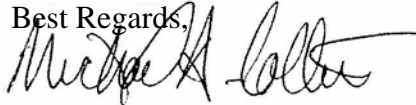

I want to thank your firm for all the professional representation you gave my family and I during our loss to our apartment building.

John Bonfiglioli went above and beyond with thoroughness and attention to details. I am a General Contractor and I know the work he put into this claim.

When I was first contacted by Adjusters International I was a bit skeptical to hire a public adjuster, but in the end it was the best move I could have made. My settlement was far greater than expected.

As I live in Cincinnati, Ohio and my fire loss was in Walton, New York, I didn't have first hand communication. John did a tremendous job for us keeping us informed weekly/daily as the settlement unfolded.

I would never have received what we settled for if I had handled the loss on my own. Again, a sincere thank you to you and your company.

Best Regards,
